**“Honouring CREED and School”**

Love is the gift from the Eagle.  
The eagle is the closest to the Creator and sees the farthest and carries prayers to the spirits from the people. The eagle is an animal guide for spiritual practices, its feathers are sacred and used for ceremonies.

With love all things are possible. Love comes before all things. Honoring life and all it has to teach us is love, even when those teachings may be difficult to accept or understand. Learning to love ourselves is the greatest gift and being able to share that love with each other.
