

Prairie to Pines Awasisak Fest

Lakeview Elementary is the home of the biannual Children's Festival which was first held on June 11, 2004 and was the dream of Marilyn Ludwig as she wanted children from the Northwest to be able to attend a children's festival that was on par with ones that were held in cities such as Saskatoon and Regina. To date, Lakeview has organized three very successful festivals and are already in the throes of putting together our 2010 event. We are always looking for new ideas as well as Service Clubs, schools and the public to help us with the planning and execution of this day which is popular with the young and "young at heart"!
