Principal & Vice-Principal's Message

As we look forward to the 2021-2022 school year with optimism, the staff at Lakeview Elementary School will continue to follow the Division re-entry plan. We will proceed with thoughtful caution, in respect and recognition of the fact that we have a diverse community, with differing comfort levels and perspectives.

We are looking forward to a rich and rewarding school year in which we will focus on connections, relationships and well-being, as well as learning together. At Lakeview Elementary, we are committed to ensure the academic, social, and emotional success of all of our students. We share our division's commitment to collaborate and develop responsible, respectful, and prepared students in order to achieve their full potential. While our recent years in education have not been easy due to the pandemic, I am humbled by the unwavering commitment of our dedicated staff, community, parents, and students. As your proud principal, I value our continued partnership to ensure that our students continue to receive the highest quality education they deserve.

Thank you to our **custodians, Rick and Jacksie**, who continue to work tirelessly to create a clean and disinfected learning environment in our building. A huge shoutout to our **entire educator staff** who also continue to be very busy preparing our classrooms to be engaging learning spaces. We always appreciate their commitment to creating engaging learning environments where our students will reach their best potential.

A special thanks to our administrative assistant, **Mrs. Nancy Uy**, who is the calm, organized, caring face and voice of our front office.

To our **Lakeview families**...we can't thank you all enough for your patience, your kindness and your flexibility as you support your children through another pandemic school year. We are so fortunate to have such a caring community and we look forward to our continued partnership in the year ahead.

As we enter our second month of school, we will continue to greet our students with smiling eyes and to work to build relationships, as we support the emotional, social, and academic needs of each student.

Together, let's have a wonderful year of learning!

learning

Pick Up and Drop off at School

- Picking up and dropping off students outside of the building is encouraged, unless there is a need for the parent or caregiver to enter the school.
- Current start and end times will be retained as per school's bell schedule. Families should drop off children as close to bell times as possible, but **no earlier than 8:35**.
- When students arrive, they can play on the east playground until the bell rings.
- When the bell rings, students will line-up at their muster point.
- Classroom teacher will meet students at muster point at 8:55 and lead into the school.
- Classroom teachers will lead their students to their muster points at the end of the day for dismissal.

If **parents or guardians must enter the school**, they will be required to fill out a health questionnaire before entering the building. The form can be filled out by using a smartphone to scan the QR code posted at the entry door of the school, which will go directly to the questionnaire site. Paper copies will be made available as needed. These forms will be used if a contact tracing investigation is necessary.

Hand Hygiene

Proper hand hygiene is key to reducing the spread of illness. Students will be taught and expected to follow proper hand hygiene. This includes washing hands with soap and water for at least 20 seconds and the frequent use of hand sanitizer.

Visual instructions for proper hand washing will be displayed beside every sink. Hand sanitizer is available at entrances and in every classroom. There will be numerous prompts to wash hands or use hand sanitizer throughout the day, such as when first entering the building, entering the classroom, or immediately before and after recess.

Masks

Masks will be required for staff and students when inside the school except when eating and drinking.

All students are required to wear masks while riding the bus. It is recommended that students bring several masks to school each day and change when needed.

Illness in Care

All employees, students and families will self-monitor and if unwell with COVID-19 symptoms, they should stay home.

Students with COVID-19 related symptoms at school may be required to be picked up by parent or guardian.

Signage will be displayed in prominent areas within the school and outline proper hand hygiene practices.

PLEASE DO NOT ENTER THE BUILDING

if you are experiencing cold or flu-like symptoms.

(fever, cough, headaches, aches and pains, sore throat, chills, runny nose, loss of taste or smell, shortness of breath or difficulty breathing)

Special Notes & Coming Events...

Student Groupings

As much as possible, student groups will remain consistent to limit the number of student interactions while indoors. These groups will be the student's classroom (cohort). This will also assist public health officials in their efforts to trace contacts if an outbreak occurs.

Student Materials

All students will be responsible for their own school supplies. Sharing of student personal items such as electronic devices, writing instruments, supplies, and food will not be allowed.

Water Bottles

We have two water bottle filling stations. Our water fountains have been temporarily disabled. Students are asked to bring a reusable water bottle filled from home to school every day.

Recess/Outdoor Spaces/ Playground

Staggered break times and assigned outdoor spaces for each grade have been developed.

Milk Program

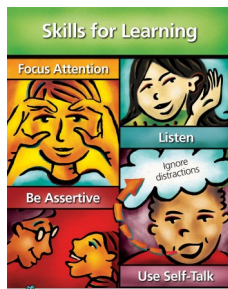

Lakeview's Milk Program will be postponed until future notice.

Hot Lunch

At this time our hot lunch program is suspended until future notice.

Social-Emotional Learning

Second Step is implemented in all K-Gr. 4 classrooms. Second Step® Elementary is designed to help kids succeed in school and in life by teaching them skills for learning—such as focusing attention and listening—as well as how to manage their emotions, solve problems, and make friends. These skills can help them in the classroom, on the job, or wherever life takes them.

Response to Intervention (RTI)

Response to Intervention (RTI) is a multi-tier approach to the early identification and support of students with learning and behavior needs. If your child is participating in RTI, a **note** will be sent home explaining the skill your child is working on. If you have any questions, please contact your child's classroom teacher.

No School

Monday, October 11th there will be no school. Happy Thanksgiving!

Monday, October 25th is a professional development day. There will be no school for students.

Take Me Outside Day

Take Me Outside Day aims to raise awareness about outdoor learning by encouraging teachers to take their students outside for 1 hour on **October 20th**.

Progress Reports and Interviews

Gr. 1-4 Progress Reports will be sent home **Nov. 19th**.

Information collected from the **Early Years**

Evaluation will be shared with **Pre-K and K parents at Parent-Teacher-Student Conferences** in lieu of a fall progress report.

Parent-Teacher-Student Conferences for students in **Pre-K to Gr. 4** will be held in **November**. More information will be shared early November.

Pre-K Applications

We are still accepting applications for our Pre-K Program for the 2021-2022 school year. If interested, contact the school.

NUT FREE School

Lakeview Elementary School is a **nut free school**. Please ensure you are not sending any food items containing peanuts or tree nuts to school in your child's lunch as we do have students who are **severely allergic to nuts!** Thanks for your cooperation.

Virtual SCC (Parent Council) Meeting

Our second meeting will be on **Oct. 5th at 7:00 P.M.** on Microsoft Teams. We are looking for new members, please contact the school if you are interested in joining our virtual meeting.

Thank-You

A huge shout-out to President's Choice Children's Charity for the nutrition grant which assists in providing a daily snack for our students.

Thanks to our **SCC** for supporting our school by purchasing iPads to assist our students' learning.
