SECOND STEP

This month, our school-wide theme is **self control**. In our morning announcements, we'll be prompting students to notice their own feelings by paying attention to clues in their bodies, and we'll be reminding them to use their *Second Step* skills to calm down:

Stop—Use your signal

Name your feeling

Calm down: Breathe, count, use positive self-talk

These skills help students calm down strong emotions when faced with learning and social challenges, which helps them succeed academically and get along well with others.

Second Step lessons specifically teach about

calming strong such as disap-

down emotions anger,

pointment, frustration, and anxiety.
