

WHO WE ARE

Our Home-Based Services support families with pre-school children who are experiencing, or are at risk for, developmental delays.

Program Facilitators work one-on-one with families in their homes to provide services and support in the areas of **child development, family dynamics & community connections.**

HOW WE DELIVER SERVICES

We know that different families have different needs and goals. Home-Based Services are tailored to each family's unique situation and the strengths they have as a family.

REFERRALS & SERVICE AREA

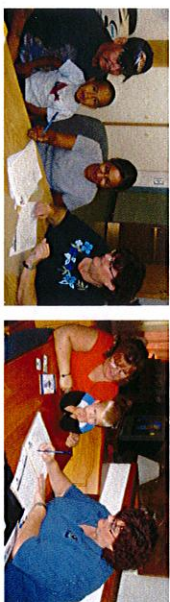

Referrals for service can be made by families themselves or by others with the consent of the family.

Our service area, depending on which program, ranges from an approximate 100 to 150 kilometer radius of the City of Lloydminster on both the Alberta and Saskatchewan side.
